

## SCHEDULE FOR THE DAY

Prior to the day	Each attendee will contribute their favourite tool or resource for tracking either Observations or Conversations. This will be part of a larger Google slide deck that will be shared with all attendees.
8:30 to 9:00	Arrival at HSC (Coffee and light breakfast available)
9:00 to 9:30	Welcome and whole group discussion setting the tone for the day.
9:30 to 10:30	<p>Small group discussion on Observations.</p> <p>Each group member will share and discuss how they collect, track, and record Observations, as well as tools they've tried that worked and did not work.</p> <p>As part of the discussion, each group will be responsible for filling in a Google slide, recording what was discussed. All of these slides will be shared at the end of the day.</p>
10:30 to 10:45	Break (Coffee and light snacks will be available)
10:45 to 11:45	Small group discussion on Conversations, run the same way as the Observations session earlier in the day.
11:45 to 1:00	Lunch provided by HSC.
1:00 to 1:30	<p>Presentation from HSC Middle School Science teachers, Brie Dundas and Aleecia Brunberg, on:</p> <ol style="list-style-type: none"><li>1. Using Google tools to track Observations and Conversations.</li><li>2. How to turn this data into a mark, considering most consistent and most recent work.</li></ol>
1:30 to 2:15	Time to debrief either in your school team or with those who you would like to hear more from.
2:15 to 2:30	Wrap up of the day
